2) General LMCS Product Brochures.

Chris,
Please find Attachment 1 which is a presentation made to SAE within the last couple of months. This presentation covers additional data and flight test results for the F-18 Aileron EHA flight test you indicated you were interested in. Please feel free to give me a call to discuss additional information regarding this Lockheed Martin Control Systems (LMCS) product.

I have also included general product brochures covering various aircraft digital fly-by-wire systems for your information.

Regards,
