

## Our Purpose

Stavatti Creates Aerospace Vehicles and Invents the Future.

Stavatti Aerospace Ltd is an aircraft manufacturer focused on the design and production of general aviation, commercial and military aircraft as well as spacecraft.

We design and build new aircraft and defense systems for transportation and the defense of friendly nations.

## Why We Exist

Stavatti was formed with a vision to change the way aircraft are designed and built, improving efficiency, quality, safety and performance while reducing the cost of ownership and operation.

Benefiting from revolutionary designs and approaches, Stavatti will produce aircraft and aerospace vehicles that offer greater capabilities, performance and efficiencies with significantly greater affordability and lower lifecycle costs.

## Our Facilities

Headquarters & Production Center

Future 2 Million Sq Ft Aircraft Factory

## Products & Industry Focus

General Aviation Aircraft

Military Aircraft

Commercial Aircraft

Stavatti Aerospace Ltd is an American owned, FAA licensed aircraft manufacturer and DDTC registered manufacturer, exporter and broker of US munitions list items. Stavatti Aerospace Ltd is a Wyoming C corporation with principal facilities at the Niagara Falls International Airport with a CAGE code of 8GT89 and a DUNS number of 117383324.

## Aircraft

SM-150\*  
2 Place Sportplane

SM-26 Sleek\*  
Hi Performance Sportplane

SM-27 Machete\*  
Close Air Support

SM-28 Machete\*  
Close Air Support

SM-29  
Super Fulcrum (Upgrade)

SM-31 Stiletto\*  
Trainer & Fighter

SM-36 Stalma\*  
Multi-Role Fighter

SM-39 Razor\*  
Air Dominance Fighter

SM-47 Super Machete\*  
Air Defense Fighter

SM-100\*  
Intermodal Transport

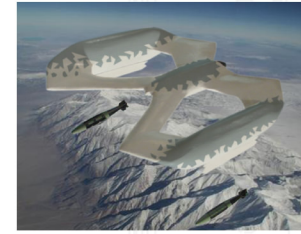

SM-920\*  
Single Aisle Airliner

SM-940K\*  
Widebody Airborne Tanker

## Drones

SD-54\*  
Autonomous Strike

SD-25K/SD-25G  
VTOL Drones

SD-31U\*  
Loyal Wingman/CCA

## Space

Reusable & Expendable\*  
Ballistic Launch Systems

Interplanetary\*  
Spacecraft

Interstellar\*  
Spacecraft
